CHAPTER 1

A LIFEFUL SPACE

How do we want to live now?

More responsibly. More expressively. More connected. The world is in constant change, and the solution we might need today might not be what we need tomorrow. To respond and adapt, Pisa creates the strategies for a world in flux – shaping spaces and solutions, forwarding sustainable practices, pursuing new product innovations, and cultivating culture and ideas with thoughtful, life-centered design. We're thinking holistically: strategies instead of products, spaces instead of collections, the planet instead of human interest alone. Together, in dialogue with our clients and partners, we design the world we want to live in. This is what makes the Pisa.
